PRODUCTS

INTRODUCTION

- **Edo@Stine** is more than just a platform; it's the partner every school needs.
- We believe education works best when everyone is on the same page. That's why we created our **Triangular Module**, a way to bring Schools, Parents and Students together in perfect harmony.
- Whether it's ensuring a teacher gets paid on time or a parent knows their child reached home safely, **Edo@Stine** delivers efficiency with a human touch.

Why We Are The Smart Choice?

Because running a school shouldn't feel like rocket science.

- **Admin on Autopilot:** We handle the headaches: fees, payroll, and attendance, so you can focus on the students.
- **The "In-the-Loop" Promise:** No more missed memos. We give parents a front-row seat to their child's academic journey with real time updates.
- **Safety You Can See:** With live bus tracking and instant alerts, we turn anxiety into peace of mind.

Fee Management

Exam Management

Library Management

Admission Management

Classroom Management

Parents-Teachers Communication

Report Card Management

The Features That Do The Heavy Lifting.

E-Books

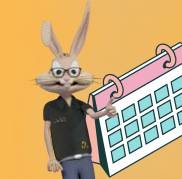

GPS Bus Tracker

Certificate Management

Time Table Management

Attendance Management

Student & Staff Management

App Management

See exactly how we handle the hard work so you don't have to. 

FEATURES

Admission Management

Seamless end-to-end onboarding with digital application links, automated approval workflows, and secure document submission.

Fee Management

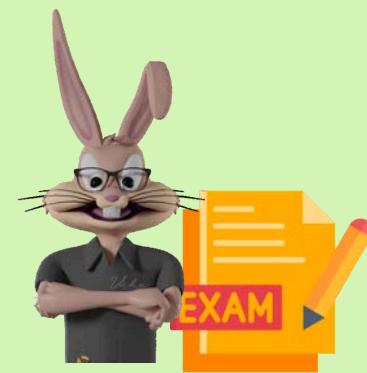

Structured fee categories, real-time pending status, automated bill generation, and integrated loan request-approval tracking.

FEATURES

Library Management

Smart digital library with searchable book lists, borrowing records, and return-tracking for efficient resource management.

Exam Management

End-to-end exam automation, including question paper approval, hall allocation, auto-generated hall tickets, and consolidated exam listings.

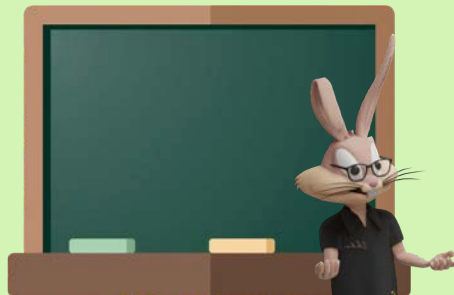

FEATURES

Student & Staff Management

Comprehensive profiles and workflows: daily reports, leave applications, leave history, attendance, shifts, working hours, payroll, relieving details, events, test management, course details, and OD forms.

Classroom Management

Centralised classroom operations covering class details, staff allocation, subject mapping, academic grades, and homework scheduling.

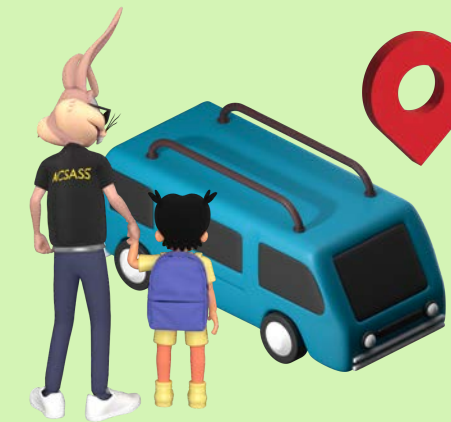

FEATURES

E-Books Hub

Digitised curriculum library for syllabus, class-wise study material, and e-books accessible anytime, anywhere

GPS Bus Tracker

Real-time student transport monitoring with driver registration, route planning, live bus status, and accurate GPS tracking.

FEATURES

Certificates

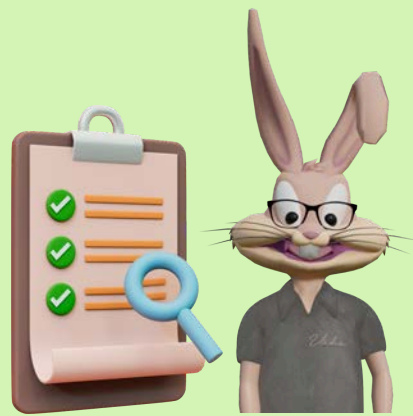

Instant generation of course completion certificates and institutional documents

Parent-Teacher Communication

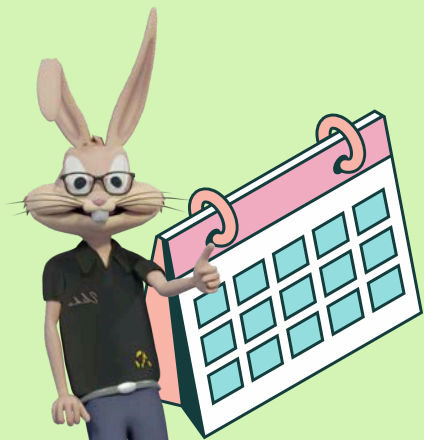

Streamlined communication with digital visitor forms and mid-day pickup permission workflows for improved campus safety.

FEATURES

Attendance Management

Accurate biometrics-enabled attendance tracking for both staff and students.

Timetable Management

Automated timetable creation with staff-wise and class-wise scheduling for efficient academic planning

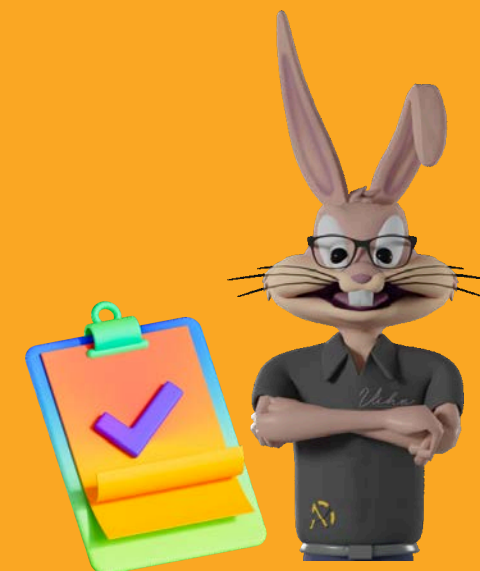

FEATURES

App Management

Gain full control over your school's mobile ecosystem by managing user access, permissions, and app settings from a single, secure dashboard.

Report Card Management

Create, customize, and share professional student report cards instantly with our automated management system.
